

Welcome to the Team event at Swedish Game Fair the 26-27th of May!

The number of competitors means we need an early meet in the mornings!
Please follow the signs for parking, to get your armbands for entry and your parking ticket.

The meet and incheck will be 6.30-7.30 on the Thursday and at our Agria Swedish Game Fair information tent we will make the draw. There will be a short presentation and the and some more information when you check in at the draw.

Please bring the dogs vaccination documents !

If your dog is sick, injured, or in heat you will get your entry in return if you provide a veterinarian certificate within 8 days. Send the documents to
Patricia Nordbäck,
Sjövillan Nyborgs Gård
197092 Bro
SWEDEN

Lunch and food will be available to buy in the Game Fair, but we will not break for lunch.

To be able to keep the time schedule for the day, it is of most importance that you are ready to enter your test when it is your turn - we will not wait, so if you are not there, there will no time for do it later and your team will score a 0. So please follow all the teams clockwise through the day.

We will "fork you out", which means that all the posts will start at the same time with 1/5th of the teams and then move clockwise to the next post.

At each test, there will be a mark, a delayed mark and a blind, which are assigned for a specific dog; Dogs in the team are marked A,B,C. At 3 of the post, there will be a sign for how to set the dogs up and at 2 it is of your choice who will do what.

Regarding dogs in cars, there will be a special procedure that we will inform about on the day.

For more informations, please call
